---	---

The Point Loma Cluster Schools Foundation is a collaborative group of parents, teachers, and principals who are dedicated to vertical alignment of the nine Point Loma cluster schools. Working together through monthly group meetings and subcommittees, PLCSF builds community, educates parents, supports student achievement, and works to ensure smooth transitions between schools. PLCSF is dedicated to providing families with:

- *Communication - to share what's going on at the district and cluster levels*
- *Context - for greater understanding of why district and cluster information matters*
- *Connections - for opportunities to engage more deeply with student education on a variety of levels*
